

WORX
smart with simplicity

24 MONTH
MANUFACTURER
WARRANTY

PRODUCT DESCRIPTION

- OCT-WORX -a revolutionary solution for lighting up your wardrobe and saving energy at the same time with intelligent sensing capabilities.
- It can be used in the range of 5-6cm from both sides of door.
The light is turned on as soon as the door/shutter is opened.
- This sensor is perfect for use in closets, wardrobes, and other enclosed spaces where you need to see what you're looking for.

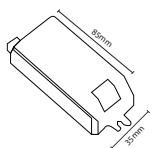

OCT-WORX

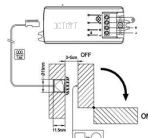

TECHNICAL DATA

General			
Warranty	24 Months	Recommended Instalation Heights Max. Mounting Height	N/A N/A
Mounting			
Installation Type	Surfacemount	Light Mesurment	Mixed light
Installation Position	Surface	Number Of Channels Push Button Input	No
Housing			
Dimension	85X 35X 20	Slave Input	No
Weight	56gm	Fully Automatic	Yes
Protective Class	IP20	Semi Automatic	No
Permissible Ambient Temperature	-30C_+500	Switching Delay From "Dark To Light"	N/A
Relative Humidity	5-93% non-condensing	Switching Delay From "Light To Dark"	N/A
Color	White, similar to RAL 9010		
Electrical Version			
Connection	2.5mm/1.5mm	Control	OCT-iSense Enabled
Protection Class	II	Channel 1	Lighting
Nominal Voltage	230V/50Hz	Interface	Switching
Power Consumption	0.6W	Contact	Non-floating
		Switching Capacity Switch-off Delay Time	230V, 200W N/A
Sensor			
Detection Angle	N/A	Master/slave Function	No
Detection Range Diagonally	N/A	Constant Lighting Control	No
Detection Range	5-6cm	Manual Override	No
		Programmable	No
